CONTENTS OF VOLUME 10

THE FRANCIS A. COUNTWAY
LIBRARY OF MEDICINE
BOSTON
AUG 31 1982

Number 1, July 1982

Leading articles

Pseudomonas in the chest—**D. M. Geddes** 1

The clinical relevance of pharmacokinetics—**N. Wright** 2

The carbapenem family—**M. J. Basker** 4

Testing, reporting and prescribing antibiotics for urinary infections—**A. J. Davies** 7

Original articles

Comparative inhibitory and bactericidal activities of moxalactam and seven other antibiotics against 520 clinical isolates including 65 multi-drug resistant strains
N. T. Sutphen, A. L. Baltch, J. V. Conroy, M. C. Hammer and R. P. Smith 11

Norfloxacin and the antibacterial γ pyridone β carboxylic acids
S. W. B. Newsom, J. Matthews, M. Amphlett and R. E. Warren 25

Characteristics of a β-lactamase produced by *Clostridium butyricum*
C. A. Hart, K. Barr, T. Makin, P. Brown and R. W. I. Cooke 31

Effect of atmosphere of incubation and inoculum size on the susceptibility of *Eikenella corrodens*
E. J. C. Goldstein, M. E. Gombert and E. O. Agyare 37

Activity of double standard RNA (BRL 5907) in experimental influenza virus infection in mice
R. M. Cook, M. J. Browne and M. R. Boyd 43

A three-way crossover study to compare the pharmacokinetics and acceptability of sultamicillin at two dose levels with that of ampicillin
S. Hartley and R. Wise 49

A comparison of metronidazole and clindamycin for the treatment of intra-abdominal anaerobic infection: a multicentre trial
P. Van der Auwera, J. Collier, R. J. A. Goris, I. Saario and A. T. Willis 57

Clinical efficacy and tolerance of Augmentin in soft tissue infection
A. P. Ball, S. Mehtar and A. Watson 67

Correspondence

Media factors affecting Augmentin disc sensitivity testing results—**E. M. Brown and C. D. Ribeiro** 75

Book reviews 79

Number 2, August 1982

Leading articles

Leprosy and its chemotherapy—**N. J. Beeching and C. J. Ellis** 81

Interactions between micro-organisms and metronidazole—**H. R. Ingham, Penelope R. Sisson and J. B Selkon** 84

Review article

The use of antibiotics in acne therapy: oral or topical administration?
E. A. Eady, K. T. Holland and W. J. Cunliffe 89

Original articles

In-vitro evaluation of sulbactam, a penicillanic acid sulphone with β-lactamase inhibitory properties
D. Greenwood and A. Eley 117

Rapid bioluminescent assay of serum amikacin
L. Nilsson 125

Effect of food on the bioavailability and tolerance of clavulanic acid/amoxycillin combination
D. H. Staniforth, R. J. Lillystone and D. Jackson 131

Cefotiam concentrations in bile and in the wall of the gall-bladder in patients with biliary disease
K. Satake, K. Cho, M. Taniura, I. Oka and I. Koo 141

Short articles

Comparison of the sensitivity of mycobacteria to the cyclopentyl rifamycin DL473 and rifampicin
M. D. Yates and C. H. Collins 147

Comparison of *in-vitro* activity of cefotetan (ICI 156834), a new cephamycin derivative, with that of cefoxitin
B. Chattopadhyay and J. C. Teli 151

Correspondence

Pseudomonas aeruginosa—Id beta-lactamase and cephaloridine—**J. D. Williams and F. Moosdeen** 155

Trimethoprim resistance—**M. J. Bendall and R. N. Grünberg** 155

Number 3, September 1982

Leading articles

Therapeutic applications of urease inhibitors—**I. Rosenstein** 159

New biochemical and clinical approaches to the control of epidemic influenza virus?—**J. S. Oxford** 161

Antifungals today—**D. W. Warnock and D. C. E. Speller** 164

β-lactamases of *Pseudomonas aeruginosa*—**D. M. Livermore** 168

Original articles

The role of the outer membrane of *Pseudomonas aeruginosa* in the uptake of aminoglycoside antibiotics
S. Abdel-Sayed, M. González and R. G. Eagon 173

The static effect of rosaramicin of *Ureaplasma urealyticum* and the development of antibiotic resistance
D. Taylor-Robinson and P. M. Furr 185

Penetration of cefotaxime and desacetylcefotaxime into skin blister fluid
T. Bergan, T. Kalager, K. B. Hellum and C. O. Solberg 193

Study of diffusion of cefuroxime into middle ear effusions of patients with chronic purulent otitis media
A. Martini and L. Xerri 197

Ceftazidime: pharmacokinetics in patients and effects on the renal function
S. R. Norrby, L. Å. Burman, H. Linderholm and B. Trollfors 199

Ceftriaxone: renal and biliary excretion and effect on the colon microflora
A. Arvidsson, G. Alván, B. Angelin, O. Borgå and C. E. Nord 207

Aminoglycoside nephrotoxicity: a double blind prospective randomized study of gentamicin and tobramycin
P. U. Feig, P. P. Mitchell, E. Abrutn, S. M. Brock, W. R. Carney, C. W. Graeber, E. Horak, R. W. Lyons and J. F. Maher 217

Comparative study of the antibacterial activity of amikacin and tobramycin during *Pseudomonas* pulmonary infection in patients with cystic fibrosis
J. Levy, D. Baran and J. Klastersky 227

Anti-pseudomonas activity of azlocillin during pulmonary infection in patients with cystic fibrosis
J. Levy, D. Baran and J. Klastersky 235

Conventional and two-dose amoxycillin treatment of bacteriuria in pregnancy and recurrent bacteriuria: a comparative study
W. Brumfitt, J. M. T. Hamilton-Miller, I. N. S. Franklin, F. M. Anderson and G. M. Brown 239

Carbenicillin in treatment of meningoventriculitis due to *Pseudomonas aeruginosa*
G. Mombelli, L. Coppens, M. Husson, J. Brihaye and J. Klastersky 249

Correspondence
Assay of gentamicin in the presence of cefotaxime—**H. H. Johnston and D. T. Griffiths** 255

Number 4, October 1982

Leading articles
Vancomycin—**S. W. B. Newsom** 257

Paradoxical effect of antibiotics. I. The 'Eagle effect'—**P. M. Shah** 260

II. Comment and bibliography—**D. I. Annear** 261

Review article
Colonization resistance of the digestive tract: clinical consequences and implications
D. van der Waaij 263

Original articles
Temocillin (BRL 17421): *in-vitro* antibacterial activity and susceptibility to β-lactamases
I. Phillips, A. King, K. Shannon and C. Warren 271

Temocillin compared to ampicillin against *Haemophilus influenzae* and with other penicillins against intestinal aerobic Gram-negative rods
H. Y. Chen and J. D. Williams 279

Growth curve patterns and bacterial morphology of *Escherichia coli* subjected to different temocillin (BRL 17421) concentrations
E. Yourassowsky, M. P. Van der Linden, M. J. Lismont and F. Crokaert 289

Temocillin, *in-vitro* activity and the pharmacokinetics and tissue penetration in healthy volunteers
R. M. Brown, R. Wise and J. M. Andrews 295

The β-lactamase activity of the vaginal flora of asymptomatic pregnant women
Z. Adhami 303

Serum gentamicin, netilmicin and tobramycin assays by high performance liquid chromatography
J. Marples and M. D. G. Oates 311

Penetration of erythromycin into human peripheral lymph
T. Bergan, A. Engeset, W. Olszewski, K. Josefsson and N. Larsen 319

Effects of phenoxymethylpenicillin and erythromycin high oral doses on the salivary microflora
K. Josefsson and C. E. Nord 325

Comparative studies of ticarcillin and mezlocillin plus sisomicin in Gram-negative bacillary bacteremia and bronchopneumonia
B. Hanson, L. Coppens and J. Klastersky 335

Short articles

Activity of bicozamycin (CGP 3543/E) on different enteropathogenic microorganisms: comparison with other antimicrobial agents
R. Vanhoof, H. Coignau, G. Stas, H. Goossens and J. P. Butzler 343

Cefmetazole (CS-1170): a new cephamycin with activity against Gram-negative bacilli and staphylococci
M. Benlloch, A. Torres and F. Soriano 347

Rapid susceptibility testing of *Mycobacterium tuberculosis* by a radiometric technique
G. Vincké, O. Yegers, H. Vanachter, P. A. Jenkins and J.-P. Butzler 351

Comparative efficacy of metronidazole and another 5-nitromidazole CG-10213-Go, in caecal amoebiasis in albino mice (*Mus musculus*)
D. K. Ray, J. S. Tendulkar, V. B. Shrivastava and K. Nagarajan 355

Correspondence

Chemoprophylaxis for major gynaecological and obstetric surgery—**G. J. Gerstner** 359

Book reviews 361

Number 5, November 1982

Leading articles

β-Lactam nomenclature—**A. G. Brown** 365

Antibiotic penetration through bacterial capsules and exopolysaccharides—**M. P. E. Slack and W. W. Nichols** 369

Original articles

The quality of antimicrobial susceptibility testing disks
D. F. J. Brown, M. Warner, J. Bradley and C. E. D. Taylor 373

The activity of *N*-formimidoyl thienamycin (MK 0787) against *Haemophilus influenzae* and *Streptococcus pneumoniae*
A. J. Howard and C. J. Hince 383

In-vitro activity of cefotiam against bacteria of clinical interest
B. Watt and F. V. Brown 391

Inoculum size effect on the MIC of cefoperazone, moxalactam, cefotaxime, cefoxitin and cephalothin for 118 strains of *Haemophilus influenzae* including 'tolerant' micro-organisms
P. Simard and M. G. Bergeron 397

Resistance to macrolide, lincosamide and streptogramin antibiotics and degradation of lincosamide antibiotics in streptococci from bovine mastitis
G. M. Dutta and L. A. Devriese 403

Further studies on erythromycin effects on cellular immune functions *in vitro* and *in vivo*. Enhancement of neutrophil motility by erythromycin combined with ascorbate or thiamine
R. Anderson, C. E. J. Van Rensburg, H. Eftychis, G. Jooné and A. J. van Rensburg 409

Pharmacokinetics and bioavailability of intramuscular preparations of ticarcillin
A. Gouyette, M. D. Kitzis, J. Guibert and J. F. Acar 419

Influence of various diets on the bioavailability of isoniazid
P. Männistö, R. Mäntylä, E. Klinge, S. Nykänenn, A. Koponen and U. Lamminsivu 427

Clinical evaluation of moxalactam therapy
F. R. Venezio, G. O. Westenfelder, F. V. Cook, J. E. Williams, M. Carruthers, B. E. Reisberg, J. Emmerman and J. P. Phair 435

Combination of sulbactam pivoxyl and bacampicillin in acute exacerbations of chronic bronchitis
B. I. Davies, F. P. V Maesen, S. Jevons and J. Brouwers 445

A comparison of co-trimazine once daily and co-trimoxazole twice daily in treatment of urinary tract infections in children
D. Adam, C. Hager, G. Dorn and P. Bamberg 453

Short article
An aminoglycoside disk sensitivity test for use with enterococci
S. L. Rosenthal and L. F. Freundlich 459

Correspondence
Gentamicin-PMMA beads: a drug delivery system in the treatment of chronic bone and soft tissue infections—**H. Wahlig** 463

Number 6, December 1982

Review article
High performance liquid chromatographic (HPLC) and other non-biological methods for quantitation of antifungal drugs
D. W. Warnock, M. D. Richardson and A. Turner 467

Original articles
A case of Henoch-Schönlein purpura syndrome following oral ampicillin
N. J. Beeching, L. D. Gruer, C. D. Findlay and A. M. Geddes 479

Intestinal side effects of cefoperazone
H. Carlberg, K. Alestig, C. E. Nord and B. Trollfors 483

The pharmacokinetics of ketoconazole in severely immunocompromised patients
I. M. Hann, H. G. Prentice, M. Keaney, R. Corringham, H. A. Blacklock, J. Fox, E. Gascoigne and J. Van Cutsem 489

Efficacy of different antibiotics in the treatment of experimentally induced intra-abdominal sepsis
G. Lahnborg, K. G. Hedström and C. E. Nord 497

Effects of antimicrobial agents on chemiluminescence of human polymorphonuclear leukocytes in response to phagocytosis
J. P. Siegel and J. S. Remington 505

In-vitro and *in-vivo* efficacy of ceftriaxone, moxalactam, and chloramphenicol against *Haemophilus influenzae* type b
E. Connor, C. Melick and R. Yogev 517

Ampicillin resistance in *Haemophilus influenzae*—test methods for the activity of acylureidopenicillins, cephamycins and new cephalosporins
S. W. B. Newsom and J. Matthews 527

Early inhibition of human cytomegalovirus replication by novobiocin
M. P. Landini and B. Baldassarri 533

Short articles
Combined activity of ketoconazole and sulphamethoxazole against *Candida albicans*
W. H. Beggs 539

The susceptibility of *Yersina* to eleven antimicrobials
F. Soriano and J. Vega 543

The antibacterial activity of Rowatinex
D. Greenwood, N. Johnson, A. Eley, R. C. B. Slack and G. D. Bell 549

Comparative *in-vitro* activity of norfloxacin and selected antimicrobial agents against urinary tract pathogens and *Neisseria gonorrhoeae*
R. L. Sweet, M. J. Ohm-Smith and W. K. Hadley 553

Correspondence
Intestinal side effects of cefoperazone, in perspective—**D. L. Gibbs, J. L. Hakes and G. Ando** 559

Metronidazole suppositories—**A. Samu and E. Ludwig** 559

Piperacillin—**P. G. Gooding** 560

The β-lactamase stability of acylureidopenicillins—**A. Elwell and R. Wise** 560

Inactivation of isoxazolyl penicillins by β-lactamases—**M. Bakhtiar and S. Selwyn** 562

In-vitro susceptibility of *Nocardia* and *Rhodococcus* to fourteen β-lactam antibiotics—**J. A. Rodríguez-García, A. C. Gómez-García, J. Aguero and J. E. García-Sanchez** 564

Book review 567

Index

Abdel-Sayed, S. 173
Abrutyn, E. 217
Acar, J. F. 419
Acne therapy, oral or topical administration of antibiotics? 89
Acylureidopenicillins, the β-lactamase stability of 560
Acylureidopenicillins, test methods for the activity of; ampicillin resistance in *Haemophilus influenzae* 527
Adam, D. 453
Adhami, Z. 303
Administration of antibiotics in acne therapy: oral or topical? 89
Aerobic Gram-negative rods, intestinal, temocillin compared with other penicillins against 279
Aguero, J. 564
Agyare, E. O. 37
Albino mice (*Mus musculus*), comparative efficacy of metronidazole and CG-10213-Go in caecal amoebiasis in 355
Alestig, K. 483
Alván, G. 207
Amikacin, serum, rapid bioluminescent assay of 125
Amikacin and tobramycin antibacterial activity during *Pseudomonas* pulmonary infection in patients with cystic fibrosis 227
Aminoglycoside antibiotics, role of the outer membrane of *Pseudomonas aeruginosa* in the uptake of 173
Aminoglycoside disk sensitivity test for use with enterococci 459
Aminoglycoside nephrotoxicity: a double blind prospective randomized study of gentamicin and tobramycin 217
Amoxycillin treatment, conventional and two-dose, of bacteriuria in pregnancy and recurrent bacteriuria; a comparative study 239
Amoxycillin/clavulanic acid combination, effect of food on the bioavailability and tolerance of 131
Amphlett, M. 25
Ampicillin compared to temocillin against *Haemophilus influenzae* 279
Ampicillin, oral, a case of Henoch-Schönlein purpura syndrome following 479
Ampicillin resistance in *Haemophilus influenzae* —test methods for the activity of acylureidopenicillins, cephamycins and new cephalosporins 527
Ampicillin, three-way crossover study to compare the pharmacokinetics and acceptability of sultamicillin at two dose levels with that of 49
Anaerobic infection, intra-abdominal, comparison of metronidazole and clindamycin for treatment of 57
Anderson, F. M. 239
Anderson, R. 409
Ando, G. 559
Andrews, J. M. 295
Angelin, B. 207
Annear, D. I. 261
Antibacterial activity of amikacin and tobramycin during *Pseudomonas* pulmonary infection in patients with cystic fibrosis 227
Antibacterial activity of Rowatinex 549
Antibacterial γ pyridone β carboxylic acids, norfloxacin and the 25
Antibacterial *in-vitro* activity of temocillin (BRL 17421) and susceptibility to β-lactamases 271
Antibiotic penetration through bacterial capsules and exopolysaccharides 369
Antibiotics in acne therapy: oral or topical administration? 89
Antibiotics, efficacy in the treatment of experimentally induced intra-abdominal sepsis 497
Antibiotics, paradoxical effect of, the 'Eagle effect' 260
Antibiotics, paradoxical effect of; comment and bibliography 261
Antibiotics for urinary infections, testing, reporting and prescribing 7
Antifungal drugs, high performance liquid chromatographic (HPLC) and other non-biological methods for quantitation of 467
Antifungals today 164
Antimicrobial susceptibility testing disks, quality of 373
Antimicrobial agents, comparison with the activity of bicozamycin on different enteropathogenic micro-organisms 343
Antimicrobial agents, effect on chemiluminescence of human polymorphonuclear leukocytes in response to phagocytosis 505
Antimicrobial agents, *in-vitro* activity against urinary tract pathogens and *Neisseria gonorrhoeae*, comparison with norfloxacin 553
Antimicrobials, eleven, susceptibility of *Yersina* to 543
Anti-pseudomonas activity of azlocillin during pulmonary infection in patients with cystic fibrosis 235

Arvidsson, A. 207
Ascorbate, enhancement of neutrophil motility by erythromycin combined with 409
Assay, bioluminescent, rapid, of serum amikacin 125
Assay of gentamicin in the presence of cefotaxime 255
Assays for serum gentamicin, netilmicin and tobramycin by high performance liquid chromatography 311
Atmosphere of incubation, effect on susceptibility of *Eikenella corrodens* 37
Augmentin, clinical efficacy and tolerance in soft tissue infection 67
Augmentin, media factors affecting disc sensitivity testing results 75
Azlocillin anti-pseudomonas activity during pulmonary infection in patients with cystic fibrosis 235

Bacampicillin, combination with sulbactam pivoxyl in acute exacerbations of chronic bronchitis 445
Bacteria of clinical interest, *in-vitro* activity of cefotiam against 391
Bacterial capsules and expolysaccharides, antibiotic penetration through 369
Bacterial morphology of *Escherichia coli* subjected to different temocillin concentrations, growth curve patterns and 289
Bactericidal activities of moxalactam and seven other antibiotics against clinical isolates including multi-drug resistant strains 11
Bacteriuria in pregnancy and recurrent bacteriuria, comparative study of conventional and two-dose amoxycillin treatment 239
Bakhtiar, M. 562
Baldassarri, B. 533
Ball, A. P. 67
Baltch, A. L. 11
Bamberg, P. 453
Baran, D. 227, 235
Barr, K. 31
Basker, M. J. 4
Beeching, N. J. 81, 479
Beggs, W. H. 539
Bell, G. D. 549
Bendall, M. J. 155
Benlloch, M. 347
Bergan, T. 193, 319
Bergeron, M. G. 397
Bicozamycin (CGP 3543/E) activity on different enteropathogenic micro-organisms: comparison with other antimicrobial agents 343
Bile, cefotiam concentration in, in patients with biliary disease 141
Biliary disease, cefotiam concentrations in bile and in the wall of the gall-bladder in patients with 141
Biliary and renal excretion of ceftriaxone, 207
Bioavailability of intramuscular preparations of ticarcillin 419
Bioavailability of isoniazid, influence of various diets on 427
Bioavailability and tolerance of clavulanic acid/amoxycillin combination, effect of food on 131
Bioluminescent assay, rapid, of serum amikacin 125
Blacklock, H. A. 489
Bone and soft tissue infections, chronic, gentamicin-PMMA beads in the treatment of 463
Book reviews 79, 361, 567
Borgå, O. 207
Bovine mastitis, resistance to macrolide, lincosamide and streptogramin antibiotics and degradation of lincosamide antibiotics in streptococci from 403
Boyd, M. R. 43
Bradley, J. 373
Brihaye, J. 249
Brock, S. M. 217
Bronchitis, chronic, combination of sulbactam pivoxyl and bacampicillin in acute exacerbations of 445
Bronchopneumonia, comparative studies of ticarcillin and mezlocillin plus sisomicin in Gram-negative bacillary bacteraemia and 335
Brouwers, J. 445
Brown, A. G. 365
Brown, D. F. J. 373
Brown, F. V. 391
Brown, G. M. 239
Brown, P. 31
Brown, R. M. 295
Browne, M. J. 43
Brumfitt, W. 239
Burman, L. Å. 199
Butzler, J. P. 343, 351

Caecal amoebiasis in albino mice (*Mus musculus*), comparative efficacy of metronidazole and CG-10213-Go in 355
Candida albicans, ketoconazole and sulphamethoxazole in combination against 539
Carbapenem family 4
Carbenicillin in treatment of meningoventriculitis due to *Pseudomonas aeruginosa* 249
Carlberg, H. 483
Carney, W. R. 217
Carruthers, M. 435
Cefmetazole (CS-1170): a new cephamycin with activity against Gram-negative bacilli and staphylococci 347
Cefoperazone, inoculum size effect on the MIC for 118 strains of *Haemophilus influenzae* including 'tolerant' micro-organisms 397
Cefoperazone, intestinal side effects of 483
Cefoperazone, intestinal side effects of, in perspective 559
Cefotaxime, assay of gentamicin in the presence of 255
Cefotaxime, inoculum size effect on the MIC for 118 strains of *Haemophilus influenzae* including 'tolerant' micro-organisms 397
Cefotaxime penetration into skin blister fluid 193
Cefotetan (ICI 156834), a new cephamycin derivative, comparison of *in-vitro* activity with that of cefoxitin 151

Cefotiam concentrations in bile and in the wall of the gall-bladder in patients with biliary disease 141
Cefotiam, *in-vitro* activity against bacteria of clinical interest 391
Cefoxitin, comparison of *in-vitro* activity with that of cefotetan (ICI 156834) 151
Cefoxitin, inoculum size effect on the MIC for 118 strains of *Haemophilus influenzae* including 'tolerant' micro-organisms 397
Ceftazidime: pharmacokinetics in patients and effects on the renal function 199
Ceftriaxone, *in-vitro* and *in-vivo* efficacy against *Haemophilus influenzae* type b 517
Ceftriaxone: renal and biliary excretion and effect on the colon microflora 207
Cefuroxime diffusion into middle ear effusions of patients with chronic purulent otitis media 197
Cellular immune functions, *in vitro* and *in vivo* studies of erythromycin effects on; enhancement of neutrophil motility by erythromycin combined with ascorbate or thiamine 409
Cephaloridine, *Pseudomonas aeruginosa* Id β-lactamase and 155
Cephalosporins, new, test methods for the activity of; ampicillin resistance in *Haemophilus influenzae* 527
Cephalothin, inoculum size effect on the MIC for 118 strains of *Haemophilus influenzae* including 'tolerant' micro-organisms 397
Cephamycin derivative, cefotetan (ICI 156834), comparison of *in-vitro* activity with that of cefoxitin 151
Cephamycins, test methods for the activity of; ampicillin resistance in *Haemophilus influenzae* 527
CG-10213-Go and metronidazole, comparative efficacy in caecal amoebiasis in albino mice (*Mus musculus*) 355
Chattopadhyay, B. 151
Chemiluminescence of human polymorphonuclear leukocytes in response to phagocytosis, effect of antimicrobial agents on 505
Chemoprophylaxis for major gynaecological and obstetric surgery 359
Chemotherapy for leprosy 81
Chen, H. Y. 279
Chest, *Pseudomonas* in 1
Children, a comparison of co-trimazine once daily and co-trimoxazole twice daily in treatment of urinary tract infections in 453
Chloramphenicol, *in-vitro* and *in-vivo* efficacy against *Haemophilus influenzae* type b 517
Cho, K. 141
Chronic bone and soft tissue infections, gentamicin-PMMA beads in the treatment of 463
Chronic bronchitis, combination of sulbactam pivoxyl and bacampicillin in acute exacerbations of 445
Chronic purulent otitis media, diffusion of cefuroxime into middle ear effusions of patients with 197
Clavulanic acid/amoxycillin combination, effect of food on the bioavailability and tolerance of 131
Clindamycin and metronidazole, a comparison for the treatment of intra-abdominal anaerobic infection; a multicentre trial 57
Clinical consequences and implications of colonization resistance of the digestive tract 263
Clinical efficacy and tolerance of Augmentin in soft tissue infection 67
Clinical evaluation of moxalactam therapy 435
Clinical relevance of pharmacokinetics 2
Clostridium butyricum, characteristics of a β-lactamase produced by 31
Coignau, H. 343
Collier, J. 57
Collins, C. H. 147
Colon microflora, effect of ceftriaxone on 207
Colonization resistance of the digestive tract: clinical consequences and implications 263
Combination of sulbactam pivoxyl and bacampicillin in acute exacerbations of chronic bronchitis 445
Combined activity of ketoconazole and sulphamethoxazole against *Candida albicans* 539
Comparative efficacy of metronidazole and another 5-nitroimidazole, CG-10213-Go, in caecal amoebiasis in albino mice (*Mus musculus*) 355
Comparative inhibitory and bactericidal activities of moxalactam and seven other antibiotics against 520 clinical isolates including 65 multidrug resistant strains 11
Comparative *in-vitro* activity of norfloxacin and selected antimicrobial agents against urinary tract pathogens and *Neisseria gonorrhoeae* 553
Comparative studies of ticarcillin and mezlocillin plus sisomicin in Gram-negative bacillary bacteraemia and bronchopneumonia 335
Comparative study of the antibacterial activity of amikacin and tobramycin during *Pseudomonas* pulmonary infection in patients with cystic fibrosis 227
Comparison of co-trimazine once daily and co-trimoxazole twice daily in treatment of urinary tract infections in children 453
Comparison of metronidazole and clindamycin for the treatment of intra-abdominal anaerobic infection: a multicentre trial 57
Comparison of the sensitivity of mycobacteria to the cyclopentyl rifamycin DL473 and rifampicin 147
Connor, E. 517
Conroy, J. V. 11
Cook, F. V. 435
Cook, R. M. 43
Cooke, R. W. I. 31
Coppens, L. 249, 335
Corringham, R. 489
Co-trimazine once daily and co-trimoxazole twice daily in treatment of urinary tract infections in children, a comparison 453
Co-trimoxazole twice daily and co-trimazine once daily in the treatment of urinary tract infections in children, a comparison 453
Crokaert, F. 289
